University of Mississippi

The Global South is an interdisciplinary journal, published by Indiana University Press. Focusing on the literatures and cultures of those parts of the world that have experienced the most political, social, and economic upheaval, and which have suffered the brunt of the greatest challenges facing the world under globalization, it serves as a signifier of oppositional subaltern cultures ranging from Africa, Central and Latin America, much of Asia, and even those "Souths" within a larger perceived North, such as the U.S. South, the Caribbean, and Mediterranean Europe. The current Call for Papers is for a special issue on Latin America.

For more information, please contact: Adetayo Alabi, Associate Professor of English at aalabi@olemiss.edu. For more information about the Global South, please visit: <http://inscribe.iupress.org/loi/gso>.
